

Dear Parents, Carers and Pupils,

We warmly invite you to our open evening. We would be delighted to share our school with you. Year after year we are among the top performing schools in the country in terms of student progress and attainment. High expectations are the norm and students are well-supported by highly dedicated staff in order to dream big and achieve their goals. Our exceptional outcomes are a reflection of an environment where the values of Love of God and Love of Neighbour are lived out in all interactions by all members of our community. At St Francis Xavier school we provide an outstanding academic foundation and an impressive enrichment offer, enabling students to challenge themselves and to develop skills and confidence that allows them to leave us as well-rounded young adults, prepared to make a positive impact on society.

Mrs Prime, Headteacher
