

DISCOVER YOUR PUPPETRY POTENTIAL

Free Puppet making workshops

Create a simple yet effective puppet during 2 dynamic puppet workshops. Explore its movement potential and discover its unique talent. Then enter the Crazy Swaledale Puppet Talent Extravaganza hosted by 'Dragon' from Lempen Puppet Theatre Company.

During the 2 x 2.5hour puppet workshops you will be shown how to put together the most simple yet effective puppets using a variety of materials. Everyone will be able. All that is required is your imagination, attention, good humour and willingness to let the puppet show you what it is capable of. Liz and Daniel from Lempen Puppet Theatre will explain, help, teach and encourage you to find the hidden talent of your puppet. There will be puppets that can do acrobatics, there will be puppets that can dance, there will be puppets that can do live magic tricks. All will come together for the final session as a variety talent show with a difference.

Suitable for children from year 5 / 6 upwards.

Participants will work on developing their puppet's 'talent', which will be shared in a special performance at **The Garden Rooms at Tennants on Sunday 28 May** to the audience gathered for the Wallace and Gromit screening. The workshops will take place on **Sunday 14 and Sunday 21 May**

Please contact heather@swalefest.org for more info and to sign up.
